Re: **Coverage under the Wastewater Discharge Authorization Program (WDAP)  
General Permit 2016DB0001 – Class I Well Waste Disposal**

Dear Mr. Wilkins:

The Alaska Department of Environmental Conservation, Division of Water WDAP, is reissuing authorization 2016DB0001-0002 – Hilcorp Alaska LLC, Dolly Varden Platform Class I Underground Injection Control (UIC) Well D-09RD. This issuance is in response to the Notice of Disposal (NOD) dated November 17, 2016 and authorizes the injection of nonhazardous industrial as described in the Environmental Protection Agency (EPA) permit AK-1I006-B. Specifically, the Class I well will be used for the disposal of waste described in the Waste Analysis Plan (WAP) submitted to DEC with the NOD.

The permittee must submit EPA Form 7520-8 and the DEC annual report form (enclosed) by January 31<sup>st</sup> of the following year. If the WAP was modified during the previous year, the revised WAP must also be submitted. Copies of other reports required by EPA (e.g., mechanical integrity reports) are not to be submitted to DEC. In all correspondence and reporting, prominently place the DEC authorization number in the subject line or title. EPA permit numbers may be provided as a cross-reference only. Submittals including reports and notifications must be sent to:
